Certificate of the Magistrate attending the Petty
Sessions at Civiltown County of Cork.

I do hereby certify that on the Robinson's
arrived in this County in the year 1828. the
people of our Neighbourhood were disinclined
to emigrate to Canada. appearing to
doubt the advantages held out by Government
to persons willing to emigrate to that Country
being misled in their views, and it was
with great difficulty the gentlemen for whom
they had confidence ^{could induce} them to believe no
deception was intended - That since that
time their minds have undergone a total
change
